

New Century Scholars Doctoral Scholarship Recipients

2019

Awarded \$10,000 each

Defne Abur

PhD Candidate

Boston University

Area of Study: *Speech Perception and Speech Motor Control*

Rebecca E. Bieber

PhD Candidate

University of Maryland

Area of Study: *Effects of Aging and Hearing Loss on Speech Perception*

Danielle Brates

PhD Candidate

New York University

Area of Study: *Variability in Normal and Disordered Adult Swallowing Physiology*

Jane Ann Burton

PhD Candidate

Vanderbilt University

Area of Study: *Auditory Neuroscience and Noise-Induced Hearing Loss*

Kevin Terence Cunningham

PhD Candidate

University of North Carolina at Chapel Hill

Area of Study: *Aphasia; Motor Speech Disorders in Neurodegenerative Disease*

Sarah K. Diehl

PhD Candidate

Vanderbilt University

Area of Study: *Cognitive-Linguistic Ability and Motor Speech Performance in Neurodegenerative Disorders*

Yao Du

PhD Candidate

University of California, Irvine

Area of Study: *Inclusive Design in Mobile/Voice Assistive Technology for Children With Communication Disorders*

Laura Anne Friedman

PhD Candidate

University of Wisconsin–Madison

Area of Study: *Neurodevelopmental Disorders and Effects on Language in Adolescents and Adults*

Natalie Gilmore

PhD Candidate

Boston University
Area of Study: *Aphasia; Intervention for Cognitive-Linguistic Impairment After Acquired Brain Injury*

Shirley Huang

PhD Candidate

University of Colorado Boulder

Area of Study: *Bilingual Language Development in Children and Culturally-Sensitive Clinical Tools*

Allison Ann Johnson

PhD Candidate

University of Maryland

Area of Study: *Speech Development, Production and Perception in Children who use Cochlear Implants*

Mara Rosann Kapsner-Smith

PhD Candidate

University of Washington

Area of Study: *Neural and Learning Mechanisms Underlying Functional Voice Disorders*

Renee E. King

PhD Candidate

University of Wisconsin–Madison

Area of Study: *Vocal Fold Epithelial Biology and Infectious Disease*

Caroline Larson

PhD Candidate

University of Wisconsin–Madison

Area of Study: *Language and Cognitive Development: Assessment and Intervention in Children*

Yina Magally Quique

PhD Candidate

University of Pittsburgh

Area of Study: *Assessment and Treatment for Spanish Speakers With Aphasia*

Camille Jane Wynn

PhD Candidate

Utah State University

Area of Study: *Speech Acoustics and Prosody and Conversational Entrainment in Children*

2018

Awarded \$10,000 each

Russell Edealo Banks

PhD Candidate

Michigan State University

Area of Study: *Effects of Brain Injury on Speech and Voice*

Natalie V. Covington

PhD Candidate

Vanderbilt University

Area of Study: *Memory and Learning Profiles in Individuals with Traumatic Brain Injury*

James Arthur Curtis

PhD Candidate

Columbia University

Area of Study: *Dysphagia; Objective Swallowing Assessment Techniques, and Targeted Treatment*

Jessica Elsbeth Gormley

PhD Candidate

Pennsylvania State University

Area of Study: *Augmentative and Alternative Communication Strategies for Children with Complex Communication Needs in Inpatient Settings*

Brittany Nicole Jaekel

PhD Candidate

University of Maryland

Area of Study: *Improving Speech Understanding Outcomes for Users of Cochlear Implants*

Kelly N. Jahn

PhD Candidate

University of Washington

Area of Study: *The Peripheral Auditory System and Interventions for Cochlear Implant Listeners*

Heather M. Kabakoff

PhD Candidate

New York University

Area of Study: *Speech Sound Disorders and Intervention for Children with Residual Speech Errors*

Brittany N. Krekeler

PhD Candidate

University of Wisconsin–Madison

Area of Study: *Swallowing and Exercise-Based Interventions for Dysphagia*

Charles M. Lenell

PhD Candidate

New York University

Area of Study: *Voice and Swallowing Disorders in Aging Populations*

Gabriela Meade

PhD Candidate

San Diego State University/University of California, San Diego

Area of Study: *Neuro-Cognition of Language Comprehension; Visual Word Processing and Dyslexia*

Vidisha G. Mohad

PhD Candidate

University of Wisconsin–Madison

Area of Study: *Genetics of Vocal Fold Development*

Cara Sauder

PhD Candidate

University of Washington

Area of Study: *Assessment of Voice and Resonance Disorders*

Maureen Shader

PhD Candidate

University of Maryland

Area of Study: *Auditory Aging and Cochlear Implants*

Kaila L. Stipancic

PhD Candidate

MGH Institute of Health Professions

Area of Study: *Motor Control of Speech and Swallowing*

Kacie E. Wittke

PhD Candidate

University of Connecticut

Area of Study: *Children with Specific Language Impairment and Relationship of Non-Linguistic Deficits*

Mary Claire Wofford

PhD Candidate

Florida State University

Area of Study: *Bilingual Language and Literacy Development*

2017

Awarded \$10,000 each

Laura S. Coco

PhD Candidate

University of Arizona

Area of Study: *Hearing Health Promotion*

Robert B. Fujiki

PhD Candidate

Purdue University

Area of Study: *Voice and Swallowing*

Jeffrey P. Johnson

PhD Candidate

Boston University

Area of Study: *Aphasia; Neurogenic Language Disorders*

Emily E. Kimball

PhD Candidate

Vanderbilt University

Area of Study: *Voice Physiology and Voice Disorders*

Marika R. King

PhD Candidate

Georgia State University

Area of Study: *Augmentative and Alternative Communication; Bilingual Language Development and Disorders*

Lauren L. Madhoun

PhD Candidate

Ohio State University

Area of Study: *Infant Swallowing; Craniofacial Disorders in Infants*

Jena C. McDaniel

PhD Candidate

Vanderbilt University

Area of Study: *Speech and Language Intervention for Children*

Shae D. Morgan

PhD Candidate

University of Utah

Area of Study: *Hearing and Speech Perception*

Trianna K. Oglivie

PhD Candidate

University of Arizona

Area of Study: *Treatment Outcomes for Children with Language and Speech Disorders*

Rachel D. Reetzke

PhD Candidate

University of Texas at Austin

Area of Study: *Speech Perception, Perceptual Learning and Neurodevelopmental Disorders*

Jaclyn R. Schurman

PhD Candidate

University of Maryland

Area of Study: *Speech Intelligibility and Comprehension Performance for Older Adults*

Sharon S. Tang

PhD Candidate

University of Wisconsin–Madison

Area of Study: *Speech and Voice Disorders*

Thelma E. Uzonyi

PhD Candidate

University of North Carolina at Chapel Hill

Area of Study: *Parent-Child Engagement in Language Acquisition*

Caitlin J. Vose
PhD Candidate
Arizona State University
Area of Study: *Genetics of Speech Sound Disorders*

2016

Awarded \$10,000 each

Beatriz Barragan
PhD Candidate
Arizona State University
Area of Study: *Motor Processes Underlying Second Language Comprehension*

Milijana Buac
PhD Candidate
University of Wisconsin, Madison
Area of Study: *Bilingual Language Development*

Laura R. Chapman
PhD Candidate
Ohio University
Area of Study: *Adult Neurogenic Language Disorders*

Julie Cohen
PhD Candidate
University of Maryland
Area of Study: *Impact of Hearing Loss and Hearing Aids on Real-World Communication*
Wayne and Marilyn Olsen Audiology Research Fund

Claire E. Cordella
PhD Candidate
Harvard University
Area of Study: *Motor Speech Deficits in Neurodegenerative Disorders*

Marziye Eshghi
PhD Candidate
University of North Carolina at Chapel Hill
Area of Study: *Velopharyngeal Dysfunction and Resonance Disorders*

Lisa M. Fitton
PhD Candidate
Florida State University
Area of Study: *Bilingual Early Language and Literacy Development*

Zoi Gkalitsiou
PhD Candidate
University of Texas at Austin
Area of Study: *Fluency; Stuttering in Bilingual Children*

Hannah A. Glick

PhD Candidate

University of Colorado, Boulder

Area of Study: *Auditory Neuroscience; Age-Related Hearing Loss and Cognitive Decline*

David J. Hajjar

PhD Candidate

Ohio University

Area of Study: *Augmentative and Alternative Communication*

Naomi Hertsberg

PhD Candidate

University of Iowa

Area of Study: *Developmental Stuttering*

Hannah M. Julien

PhD Candidate

University of Minnesota, Twin Cities

Area of Study: *Social Communication Skills and Autism Spectrum Disorders*

Cagla Kantarcigil

PhD Candidate

Purdue University

Area of Study: *Dysphagia Diagnosis and Rehabilitation; Telepractice in Underserved Areas*

Kwang Seob Kim

PhD Candidate

University of Washington

Area of Study: *Speech Motor Control; Stuttering*

Erin L. Meier

PhD Candidate

Boston University

Area of Study: *Aphasia and Beneficial Neural Reorganization of Language*

Rocio S. Norman

PhD Candidate

University of Wisconsin, Madison

Area of Study: *Traumatic Brain Injury and Cognitive-Communication Disorders*

Evan R. Usler

PhD Candidate

Purdue University

Area of Study: *Cognitive Neuroscience; Developmental Stuttering*

2015

Awarded \$10,000 each

Carmel E. Brookshire

PhD Candidate

University of Washington

Area of Study: *Acquired Reading Impairment in Individuals with Aphasia*

Julie E. Case

PhD Candidate

New York University

Area of Study: *Speech Motor Control in Children*

Nicole E. Corbin

PhD Candidate

University of North Carolina at Chapel Hill

Area of Study: *Pediatric Audiology and Auditory Development*

Barbara J. Cunningham

PhD Candidate

McMaster University

Area of Study: *Speech-Language Treatment Outcomes for Preschoolers*

Meghan M. Davidson

PhD Candidate

University of Wisconsin, Madison

Area of Study: *Language, Cognition, and Literacy in Children with Autism Spectrum Disorder*

Mackenzie E. Fama

PhD Candidate

Georgetown University

Area of Study: *Cognitive Neuroscience, Aphasia, and Language Recovery*

Samantha J. Gustafson

PhD Candidate

Vanderbilt University

Area of Study: *Influence of Hearing Loss and Assistive Technology on Developmental Outcomes in Children*

Davis E. Henderson

PhD Candidate

Arizona State University

Area of Study: *Accurate Dynamic Assessment of Language in Native American Children*

Tess K. Koerner

PhD Candidate

University of Minnesota, Twin Cities

Area of Study: *Auditory Neuroscience and Speech Perception in Noise*

Mara E. Steinberg Lowe

PhD Candidate

New York University

Area of Study: *Language Processing and Production; Fluency Disorders*

Mirza Jeannette Lugo-Neris

PhD Candidate

University of Texas at Austin

Area of Study: *Bilingual Language and Cognition*

Jennifer P. Lundine

PhD Candidate

Ohio State University

Area of Study: *Cognition and Language Following Pediatric Brain Injury*

Elizabeth Heller Murray

PhD Candidate

Boston University

Area of Study: *Voice, Resonance, and Potential Sensory Deficits in Individuals with Voice Disorders*

Kathryn H. O'Brien

PhD Candidate

University of Minnesota, Twin Cities

Area of Study: *Cognitive Rehabilitation After Traumatic Brain Injury*

Nancy A. Quick

PhD Candidate

University of North Carolina at Chapel Hill

Area of Study: *Pediatric Auditory Rehabilitation and Literacy Outcomes*

Shannon MacKenzie Sheppard

PhD Candidate

San Diego State University/University of California, San Diego

Area of Study: *Sentence Processing in Aphasia*

Spencer B. Smith

PhD Candidate

University of Arizona

Area of Study: *Auditory Neuroscience and Electrophysiology*

Elizabeth A. Wieland

PhD Candidate

Michigan State University

Area of Study: *Developmental Stuttering*

Jennifer M. Zuk

PhD Candidate

Harvard University

Area of Study: *Cognitive Neuroscience; Child Speech, Language and Literacy Disorders*

2014

Awarded \$10,000 each

Andrea Barton-Hulsey

PhD Candidate

Georgia State University

Area of Study: *Augmentative and Alternative Communication; Reading Development*

William J. Bologna

PhD Candidate

University of Maryland

Area of Study: *Hearing and Multi-Speaker Speech Perception*

Wayne and Marilyn Olsen Audiology Research Fund

Jessica G. Caron

PhD Candidate

Pennsylvania State University

Area of Study: *Augmentative and Alternative Communication; Application of Mobile Technology Access*

Lynda G. Feenaughty

PhD Candidate

University at Buffalo

Area of Study: *Motor Speech Disorders and Communication in Individuals with Neurodegenerative Disease*

Mianisha Finney

PhD Candidate

Ohio University

Area of Study: *Specific Language Impairment in Children and the Role of Cognitive Mechanisms*

Megan Gross

PhD Candidate

University of Wisconsin-Madison

Area of Study: *Language Control and Code-Switching in Bilingual Children*

Corinne Jones

PhD Candidate

University of Wisconsin-Madison

Area of Study: *Sensorimotor Control of Voice and Swallowing in Parkinson Disease*

Casey S. Keck

PhD Candidate

University of Cincinnati

Area of Study: *Pediatric Traumatic Brain Injury; Telehealth*

Aarthi Madhavan

PhD Candidate

University of Florida

Area of Study: *Preclinical Dysphagia in Healthy Elderly Adults and Elderly Adults at Risk for Dysphagia*

Megann N. McGill

PhD Candidate

University of Texas at Austin

Area of Study: *Fluency Disorders and Phonological Working Memory*

Jana Mueller

PhD Candidate

University of Texas at Dallas

Area of Study: *Cognitive-Communication Rehabilitation in Individuals with Acquired Brain Injury*

Carolyn K. Novaleski

PhD Candidate

Vanderbilt University

Area of Study: *Voice Disorders and Biological Examination of Phonotrauma*

Austin L. Oder

PhD Candidate

University of Nebraska, Lincoln

Area of Study: *Neuroscience of Early Communication; Infant Brain Development of Oral Motor Control*

Jessie N. Patterson

PhD Candidate

University of Nebraska, Lincoln

Area of Study: *Vestibular and Balance Science; Post-Concussion Deficits and Assessment*

Ileana Ratiu

PhD Candidate

Arizona State University

Area of Study: *Bilingualism and Traumatic Brain Injury*

Melissa C. Sherman

PhD Candidate

University of Texas at Dallas

Area of Study: *Language Acquisition and Word Learning in Children*

Jarrad Van Stan

PhD Candidate

MGH Institute of Health Professions

Area of Study: *Voice Assessment and Rehabilitation; Ambulatory Monitoring and Biofeedback*

Sarah Villard

PhD Candidate

Boston University

Area of Study: *Aphasia Rehabilitation and the Role of Cognitive Processes and Attention*

2013

Awarded \$10,000 each

Garrett Cardon

PhD Candidate

University of Colorado, Boulder

Area of Study: *Audiology and Cognitive Neuroscience*

Frances Sayako Earle

PhD Candidate

University of Connecticut

Area of Study: *Perceptual Learning and Emergence of Phonetic Categories*

William Evans

PhD Candidate

Boston University

Area of Study: *Cognitive Communication Deficits in Aphasia*

Carolyn Falconer-Horne

PhD Candidate

New York University

Area of Study: *Neurorehabilitation of Aphasia and Related Motor Speech Disorders*

Michelle Ferrill

PhD Candidate

San Diego State University/University of California, San Diego

Area of Study: *Lexical Access and Auditory Language Processing in Aphasia*

Kendrea Focht

PhD Candidate

Medical University of South Carolina

Area of Study: *Age-Related Swallowing Changes Across the Healthy Adult Lifespan*

Laura Grant

PhD Candidate

University of Wisconsin-Madison

Area of Study: *Neural Mechanisms Underlying Voice and Swallow Function*

Teresa Gray

PhD Candidate

Boston University

Area of Study: *Bilingual Aphasia and Language Access*

Kathryn Greenslade

PhD Candidate

University of Washington

Area of Study: *Social-Communication Impairments in Children with Autism Spectrum Disorders*

Leah Helou

PhD Candidate

University of Pittsburgh

Area of Study: *Voice Biomechanics and Mind-Voice Pathways*

Derek Isetti

PhD Candidate

University of Washington

Area of Study: *Spasmodic Dysphonia and Psychosocial Consequences of Living with Chronic Voice Disorders*

Katrina McClannahan

PhD Candidate

University of Washington

Area of Study: *Neural Mechanisms of Perceptual Learning Related to Rehabilitation of People with Hearing Loss*

Thomas Page

PhD Candidate

University of North Carolina at Chapel Hill

Area of Study: *Communication Development in Children with Hearing Loss*

Allison Schaser

PhD Candidate

University of Wisconsin-Madison

Area of Study: *Voice and Swallowing: Effects of Age and Exercise-Related Changes*

Adam Svec

PhD Candidate

University of Minnesota

Area of Study: *Speech Perception in Background Noise and Listeners with Hearing Loss*

Brian Weiler

PhD Candidate

Vanderbilt University

Area of Study: *Child Language Disorders, Grammatical Morphology, and Complex Syntax Development*

2012

Awarded \$10,000 each

Rachael R. Baiduc

PhD Candidate

Northwestern University

Area of Study: *Auditory Function and High-Risk Patients*

Janine L.S. Bartley

PhD Candidate

Florida State University

Area of Study: *Early Intervention and Autism Spectrum Disorder*

Michael I. Burns

PhD Candidate

University of Washington

Area of Study: *Patient-Provider Communication During Medical Interactions*

Geoffrey A. Coalson

PhD Candidate

University of Texas at Austin

Area of Study: *Language-based Variables on Developmental Stuttering*

Emily O'Dell Garnett

PhD Candidate

University of South Carolina

Area of Study: *Fluency Disorders; Neurogenic Communication Disorders*

Allison Gladfelter

PhD Candidate

Purdue University

Area of Study: *Language Development and Autism Spectrum Disorder*

Julia Hollister

PhD Candidate

University of Iowa

Area of Study: *Fluency and Impacts of Language and Temperament*

Marie Jette

PhD Candidate

University of Wisconsin, Madison

Area of Study: *Laryngeal Disease*

Suzanne N. King

PhD Candidate

University of Wisconsin, Madison

Area of Study: *Vocal Fold Scarring*

Benjamin Kirby

PhD Candidate

University of Iowa

Area of Study: *Cortical Evoked Potentials and Auditory Prostheses*

Emily Lund

PhD Candidate

Vanderbilt University

Area of Study: *Word-learning in Monolingual and Bilingual Children with Hearing Loss*

Sara K. Mamo

PhD Candidate

University of North Carolina, Chapel Hill

Area of Study: *Speech Perception and Aging Auditory System*

Jennifer Mozeiko

PhD Candidate

University of Connecticut

Area of Study: *Traumatic Brain Injury; Aphasia*

Sofia M. Souto

PhD Candidate

Indiana University, Bloomington

Area of Study: *Bilingual Language Development and Specific Language Impairment*

Rene Lynn Utianski

PhD Candidate

Arizona State University

Area of Study: *Auditory Cognitive Neuroscience*

Sofia Vallila

PhD Candidate

Massachusetts Institute of Technology

Area of Study: *Aphasia Rehabilitation; Learning and Memory*

Aaron Ziegler

PhD Candidate

University of Pittsburgh

Area of Study: *Voice Science; Vocal Biomechanics*

2011

Awarded \$10,000 each
